

GBC ABA FACILITY USE & CLEANING

GBC aba is taking all proper precautions to disinfect its' facility according to recommendations from health authorities to ensure a safe workplace.

Clinic activity for staff

GBC staff will:

- Use hand sanitizer before touching tablets.
- Use sanitizing wipes to clean tablets after each use.
- Take client to wash hands upon arrival.

Clinic activity for others

No parents, guardians or visitors:

- Will be allowed inside without wearing face coverings.
- Will be allowed behind the security doors.
- Will be able to wait in the lobby during appointments.

Use of Group Spaces

At the CALC, capacity will be reduced by 50%. To the extent possible, student desks and chairs will remain spaced 6 feet apart to provide safe distance.

Meals

The following will take place during meals in an appointment:

- Face coverings will be properly stored while eating
- Social distancing protocol will be adhered to by all parties
- If clients eat lunch at the center, they will eat lunch in their assigned therapy room.
- In the CALC program, lunch will be eaten at each child's desk, which will be 6 feet apart from the other desks when possible.

Cleaning and sanitizing

CDC recommended bleach solution has been placed in all therapy rooms, group spaces, reception and outside of the restrooms. Staff will use the bleach water and paper towels for sanitizing surfaces.
